

Symphony's Personnel Completed

Completion of the personnel list of the Seattle Symphony Orchestra for the concert scheduled for Sunday afternoon in the Moore Theatre and Monday evening in the Music Hall is announced by Mr. Karl Horn, personnel manager.

The addition of a number of talented new members and the return of numerous former members promises an excellent ensemble for the season's work, according to Mr. Horn.

Jean de Rimanezy, well-known violinist from Vancouver, B. C., who is recognized throughout Canada for his fine professional ability, will act as concert master for the season.

Music lovers who missed the familiar figure of Albany Ritchie, violinist, last season will find him again occupying a chair in the violin section. Other players, returning from an absence of some duration include Leon Greenman, Sam Couch, Harold Whelan, just returned from advanced musical studies at Northwestern University; Leslie Martin, Aaron Sten, Elizabeth Rydener, formerly a member of Leopold Stokowski's National Youth Orchestra; Phyllis Blackstead King and Polly Clifford, both talented cellists.

Easterners Expected
Eager for the opportunity to work under so distinguished a conductor as Sir Thomas Beecham, many talented artists from Eastern orchestras are joining the ensemble.

Ruth Krieger, former Seattle cellist, returns from several years at the Juilliard Foundation in New York. Returning also are Hubert Graf, prominent Seattle harpist, Claire Garlick, bassoonist, after a successful season of professional study in New York City, and Margaret Allen, oboist, after several months of concentrated study in Los Angeles.

Kathryn Kantner, another well-known Seattle violinist and composer, returns after five years at the Juilliard Graduate School and several seasons with the famous National Symphony of New York, under Leon Barzin.

Other Newcomers
New to Seattle are Gordon Apperson, cellist last season with the Cincinnati Symphony Orchestra; Edward Northrup, French horn player, last year principal horn player with the Toledo, Ohio, Symphony and Toledo Grand Opera Association; and Alberta Rodgers, bassoonist of Hollywood, Calif.

Other new members include George Johnson, concert master of the Tacoma Philharmonic Orchestra; Ada Ashanace, violinist, also a member of the Tacoma orchestra, and Ruth Harris, outstanding young cellist from the University of Washington.

U. to Offer Course For Wartime Aid

Just the thing for ex-career women who have been thinking about relieving the manpower shortage by taking an office position is the new course in business training the University of Washington will open next Monday in cooperation with the United States Office of Education. Mr. O. E. Draper, lecturer in economics at the University, will direct the course.

Classes will meet daily Monday through Friday, the course running for ten weeks. There are no tuition or registration fees and the only requirements are a high-school education or its equivalent, a satisfactory skill in dictation, typing, or some other type of specialized business training, and willingness to take a position upon completion of the course. The position one takes is entirely a matter of initiative and choice.

Since enrollment in the course will be limited, Mr. Draper advises women who are interested to apply immediately through the College.

PROGRAM AT MUSEUM
Mrs. Morton Schwabacher, member of the Seattle Girl Scout Council and program chairman of this organization for the second year, and her committee have chosen South America, with the "good-neighbor" policy in mind, as the feature of this year's study program for Seattle Girl Scouts.

The opening chapter of this study, which will win for a girl the international friendship badge, is a program next Saturday morning at the Seattle Art Museum, called "Flight South." At this time one of the attractions will be a showing of Walt Disney's "Saludos Amigos," the artist's impressions of the South American Republics.

Mrs. Elliot deForest, Mrs. Charles T. Jordan, Mrs. A. B. Magnuson, Mrs. J. E. Burnley, Mrs. F. Barlow Fite and Mrs. C. Harvey Cassill serve on Mrs. Schwabacher's committee.

DIME-A-DOLLAR TAX LIFT ASKED

WASHINGTON, Sept. 22.—(AP)—A tax program that would take at least another dime out of every dollar of taxable individual income—but refund about 13 cents after the war—has been presented by the Treasury to President Roosevelt for his opinion.

To keep lower-bracket taxpayers on a pay-as-they-earn basis under such a program, the 20 per cent withholding levy would have to be hiked to at least 30 per cent.

The Treasury's plan calls for individual income taxes to yield at least \$8,000,000,000 of the \$12,000,000,000 in new 1944 revenue demanded by Mr. Roosevelt. The remainder would be accounted for from equal increases in corporation and excise levies.

Increases for All
The income-tax phase entails increases in all brackets but most notably a 100 per cent jump in the present 13 per cent first-bracket surtax. However, the present 3 per cent (net Victory tax) would be integrated in that levy, together with provision for a 50 per cent postwar refund.

Thus, the basic rate—now 6 per cent normal, plus 13 per cent first-bracket surtax, plus 3 per cent net Victory tax, a total of 22 per cent—would be 6 per cent plus 26 per cent, a total of 32 per cent. Of that amount, however, 13 per cent would be paid back after the war.

Alternative Mentioned
Should Mr. Roosevelt reject the program, Treasury Secretary Morgenthau probably will offer an alternative proposal calling for stiff increases in Social Security taxes. These now are 1 per cent for both employer and employee but are scheduled to double January 1 unless Congress acts as it has before to postpone the increase.

Although opposed to a broad compulsory savings plan, the secretary is reported to favor the idea of a refundable tax because it would ease any inflationary threat and at the same time provide a backlog of postwar buying power.

AID PLANNED FOR SERVICE WIVES

WASHINGTON, Sept. 22.—(AP)—The House appropriations committee today recommended an emergency appropriation of \$18,620,000 to assist enlisted men's wives who become mothers before next June 30.

The allotment is based on a Children's Bureau estimate of an average cost of \$31.50 a case and on the committee's estimate that federal assistance would be needed by nearly half of the 645,523 service men's wives who are expected to become mothers during the fiscal year.

The program, started last March with \$1,200,000, later increased by \$4,400,000, is administered through outright grants to states.

To be eligible for aid, a state must have an approved administrative plan. To date, only two states, Louisiana and North Dakota, have not submitted plans, nor has Puerto Rico.
