S.A. YOUNG PEOPLE.

The children's harvest festival held in the Salvation Army Citadel on Sunday was a happy feature. The room was tastefully arranged with fruit, flowers and vegetables. A large table was laid out with tempting fruits of every description, and two big baskets in the centre added greatly to the general appearance. Two smaller tables were at each side and archways of leaves were over the steps leading to the platform. The windows were also decorated, and the whole of the admirable arrangements had been carried out by the Young People's Workers. During the day the services were conducted by Commandant Eylance and Lieutenant Westcott (in the absence of the commanding officers, who are on holiday), and the Young People's Band played appropriate selections. In the evening a solo was rendered by Bandmaster Dare. On Monday evening the harvest home was held, and tomorrow (Wednesday) a concert will be given by the Life Saving Guards. The eatables are being sold to members of the Blackpool Salvation Army, and the proceeds are to be divided between the local fund and the national fund.
